Other Items

Dianne Lehme of BSEDA was present. She suggested having Laurel consider the ARPA funding that is coming out. This is specifically for Water and Sewer Projects. TIFs and TEDD districts are eligible to receive funding. They do not require specific matching funds but they would prefer to see it. The applications are not as detailed as other ones are. The Largest amount able to be requested is \$25 million. Eligible projects include drainage systems and storm water.

Nick remarked that they have been working with KLJ to come up with projects.

Richard Herr said it would be important to look westward by the interchange and to expand westward.

The City could apply for multiple projects (WL Interchange, TIF District, etc.)

This funding is also able to be matched with Federal dollars (NOT a normal situation).

Nick mentioned that the City is also looking at other funding sources such as Coal Board in order to get projects done.

The Coal Board was recently reorganized and may look at Laurel and Yellowstone County differently.

Dennis – Everybody gets some. Should we have a system to better consider projects?

The smaller, regular businesses should have a priority over the larger conglomerates who have money to spend.

Public-facing improvements. (Entrance, façade, public spaces, etc.)

Don mentioned that he has had conversations with people to open new businesses (restaurant, brewery, etc.) and didn't know where to start. He has mentioned LURA to them as a way to get help with start-up costs and other major costs.
