Dear Mayor Mace:

This letter constitutes *Amendment No. 2 to Task Order No. 26* to our *Agreement for Professional Services* dated June 5, 2007 for the above-referenced Project.

 - Complete a geotechnical evaluation of the proposed pipeline route and the intake site in order to characterize and evaluate subsurface soil, bedrock and groundwater conditions. Separate reports will be delivered for the pipeline route and the intake site. The intake report will include recommendations for the foundation of the intake structure.

The compensation for the services included in this amendment is estimated to be \$29,000. The total compensation for Services, as described in the original Task Order and Amendment 1, has been revised and is estimated to be \$394,000, based on the following assumed distribution of compensation:
